Attendance Report: April 2026

Adam E. Sokol

2026-05-05

Direct Questions to Adam Sokol, Director of Assessment, Department of Student Life—
803-544-1349

Introduction

As part of our efforts to provide relevant, up-to-date, information in a timely manner. This report will work to update and inform offices during the semester of event attendance and other demographic information leading to more timely decision-making.

Methodology

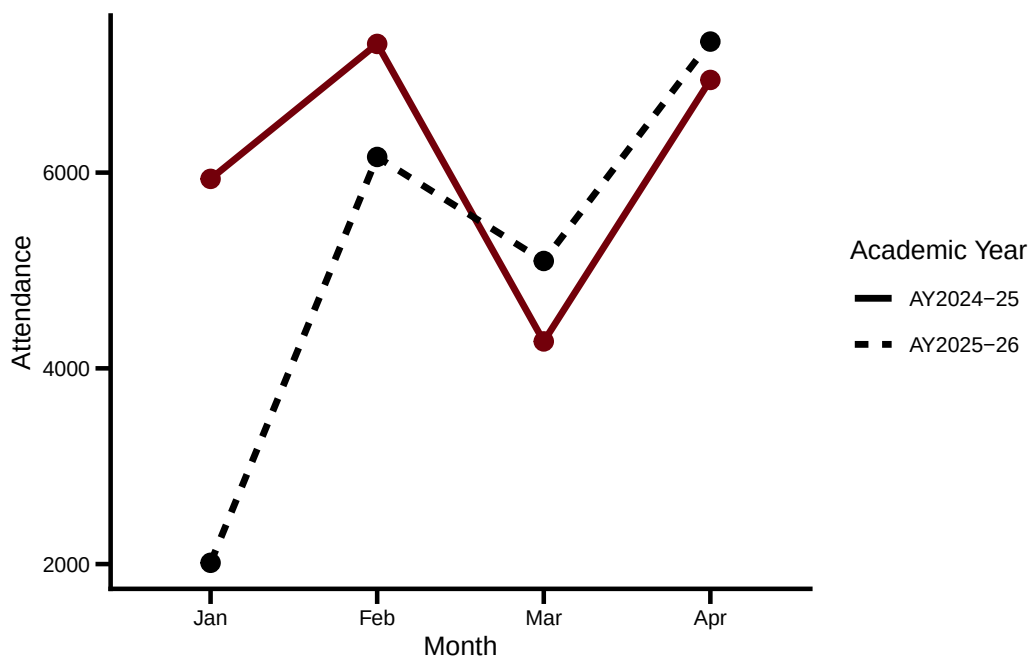

The data is collected via Garnet Gate. Two reports are generated, one for the students and another for the events. The two files are combined based on **eventID**. Then a third (3rd) set of data with **Department** and **Team** fields is attached. The data is run through an R process to clean and create the columns used in this report.

The results show breakdowns for each office starting with the Russell House (RHUU) as well as each office's subgroups. The Sub groups were established during the 20024-25 academic year.

Results

This section examines the overall counts of students by gender, race\ethnicity, class standing, and by Unit Analysis. It should be noted that Student Government Election data is not included in this report because the data was not available at the time of this report.

Figure 1. Month-Over-Month Attendance Comparison to Last Academic Year

The graph shows that there were fewer students in attendance at Student Life events as compared to last year. However, during AY2024-25 there were several major events that have not yet happened in AY25-26 (e.g., Cockstock was held in January in AY24-25 and will not be held until March or later in AY25-26). The point-in-time comparisons that are given each week account for these events not being held around the same time as last year.

Gender & Race (Overall)

Table 1: Unique Student Interactions by Race & Gender

Race	Female	Male	Unknown	Total
White	3,465 (30.30%)	1,722 (15.06%)	0 (0.00%)	5,187 (45.36%)
Race / Ethnicity Unknown	2,014 (17.61%)	637 (5.57%)	265 (2.32%)	2,916 (25.50%)
Black or African American	979 (8.56%)	377 (3.30%)	1 (0.01%)	1,357 (11.87%)
Hispanic	504 (4.41%)	238 (2.08%)	0 (0.00%)	742 (6.49%)
Asian	335 (2.93%)	157 (1.37%)	0 (0.00%)	492 (4.30%)
Two or More Races	279 (2.44%)	152 (1.33%)	0 (0.00%)	431 (3.77%)
Non-Resident Alien	160 (1.40%)	133 (1.16%)	0 (0.00%)	293 (2.56%)
American Indian or Alaska Native	9 (0.08%)	4 (0.03%)	0 (0.00%)	13 (0.11%)
Native Hawaiian or Other Pacific Islander	1 (0.01%)	2 (0.02%)	0 (0.00%)	3 (0.03%)
Total	7,746 (67.75%)	3,422 (29.93%)	266 (2.33%)	11,434 (100.00%)

Student Life had total of totalAttend interactions with uniqueAttend students. Notice also that the majority of our unique interactions are with female students.

Class Standing (Overall)

Class Standing is determined by the number of course hours completed, and not by how many years students have completed. The table shows not only the breakdown by undergraduate class, but also provides counts for our professional colleges.

Table 2: Unique Student Interactions by Class Standing

Class Standing	Count	Percentage(%)
Sophomore	2,593	22.68%
Unknown	2,468	21.58%
Senior	2,194	19.19%
Junior	1,893	16.56%
Freshman	1,756	15.36%
Graduate	365	3.19%
College of Pharmacy	77	0.67%
Student Affiliate	66	0.58%
Law School	19	0.17%
Medical School	3	0.03%
Total	11,434	100.00%

The most interesting piece of information here is that the Seniors are more active than the Freshman by less than one percent ($> 1\%$).

Total Interactions by Unit (Overall)

The table below shows how many total interactions occurred by unit.

Table 3: Total Interactions by Unit

Unit	Count	Percentage(%)
GE	14,474	70.23%
SG	2,933	14.23%
LSC	2,181	10.58%
CSE	524	2.54%
GMG	497	2.41%
Total	20,609	100.00%
